

A meeting of the Georgia State Board of Examiners for Certification of Water and Wastewater Treatment Plant Operators and Laboratory Analysts was held on Thursday, September 23, 2004, at the Office of the Division Director, Professional Licensing Boards Division, 237 Coliseum Drive, Macon, Georgia.

Members of the Board in attendance were:

Margaret Doss, Vice Chairman

Harry J. Jue

Robert L. Tant, Chairman

Peter F. Zorbanos

Other attendees were:

Steve Lindsey, Executive Director

Colleen Roehm, Applications Specialist

Fred Finley, GRWA

John King, City of Moultrie

Eric Townsend, Dalton Utilities

Board member John C. Dean was not in attendance.

Chairman Tant called the meeting to order at 9:30 am and established that a quorum was present.

Visitors who attended the Board Meeting were acknowledged.

Ms. Doss moved, Mr. Jue seconded, and the Board voted to approve the minutes of the July 22, 2004, Board meeting.

Mr. Zorbanos moved, Ms. Doss seconded, and the Board voted to enter into **Executive Session**, in accordance with O.C.G.A. 43-1-2 (k) and 43-1-19 (h) to deliberate on applications and investigative matters and to receive an investigative report. Voting in favor of the motion were those members present who included Board members Doss, Jue, Tant, and Zorbanos. The Board concluded **Executive Session** in order to act on these matters and to continue with the public session.

Roger King, Director of Utilities, City of Moultrie, attended the Board Meeting, last attended 10/02/03, to express his concerns with the Board having one exam for both surface water operators and ground water operators for Water Class 3 and Water Class 2.

The Board determined they need additional information from the water/wastewater associations and other state organizations that would be directly affected if the Board voted to create separate exams. The Board will request GW&PCA & GRWA input on the necessity of separate exams, Ms. Doss will discuss with the Examination Section, Mr. Zorbanos will discuss with the Environmental Protection Division and Mr. Lindsey will discuss with the Division Director. The results of all the discussions will be brought back before the Board.

Correspondence and Items of Information (continued):

2. Email dated June 11, 2004, from Mr. Townsend to Ms. Doss inquiring if an applicant passes a Water Class 3 exam and holds a Wastewater Class 1 certificate, does the exam exempt the licensee from having to acquire the 18 Continuing Education (CE) points to be eligible for renewal of all certificates? (Question deferred from July 22, 2004, Board Meeting)

The Board clarified that Board Rule 750-6-.02(3) only allows the exemption of obtaining CE for the first renewal period only for the specific certificate that an exam was passed.

If other certificates are held, then the CE acquired to meet the training requirement for exam eligibility cannot be used for renewal of any other certificate held and the full amount of CE points must be obtained to renew all other certificates. Ms. Doss moved, Mr. Zorbanos seconded, and the Board voted that effective 07/01/05 Board Rule 750-6-.02(3) will add the words “for that certificate only”.

3. Mr. Zorbanos moved, Mr. Jue seconded, and the Board voted to approve the ABC proposed changes to the ABC Bylaws.
4. Mr. Zorbanos moved, Mr. Jue seconded, and the Board voted to approve the 2005 Examination Dates.
5. Mr. Finley inquired if course hours acquired to meet the training requirements have to be within a certain time frame of taking an exam and do they expire.

The Board clarified that course hours do not have to be acquired within a current time frame of taking an exam nor do the hours have an expiration date.

Course Approval Applications:

1. Ms. Doss moved, Mr. Zorbanos seconded, and the Board approved those Program Approval Applications that were eligible. See Attachment A.
2. The Board reviewed its approvals for **Basic and Advance Training** and **Continuing Education/Re-Certification Points** and determined that some of the California State University (CSU), Sacramento Manuals and Water Environmental Training (WET) courses were approved for Advanced Training Hours and they should not have been.

Effective July 1, 2005, the CSU manuals and WET courses listed in Attachment B and C will no longer be approved for Advanced Training Hours and the Board approval numbers will be changed too, Attachment D.
